

Syllabus PDF

Verbal Ability and Reading Comprehension	Verbal Ability	• Para Jumbles
		• Para Summary
		• Sentence Placement
		• Odd one Out
	Reading Comprehension	• Philosophy
		• Psychology
		• Science & Tech
		• Business & Economics
		• Politics & Current Affairs
Quantitative Aptitude	Arithmetic	• Percentages
		• Profit, Loss and Discount
		• Simple Interest and Compound Interest
		• Ratio and Proportion
		• Averages
		• Mixtures and Alligation
		• Time and Work
		• Pipes and Cisterns
		• Time, Speed and Distance
		• Boats and Streams
		• Partnership
		• Problems on Ages

	Algebra	• Linear equations (one and two variables)
		• Quadratic equations
		• Inequalities
		• Algebraic identities and factorisation
		• Functions and graphs (basic)
		• Logarithms
		• Indices and Surds
		• Sequences and Series (AP, GP basics)
	Geometry and Mensuration	• Lines and Angles
		• Triangles (similarity, congruence, area, Pythagoras)
		• Quadrilaterals
		• Polygons
		• Circles (tangent, chord, secant)
		• Coordinate Geometry (distance, midpoint, section, equation of line)
		• Mensuration (area, surface area, volume of 2D & 3D figures)
	Number System	• Divisibility rules
		• HCF and LCM
		• Prime numbers
		• Factors and Multiples

		• Remainders
		• Cyclic patterns
		• Factorials
		• Unit digit and last two digits
		• Base system
	Modern Math	• Permutations and Combinations
		• Probability
		• Set Theory (Venn diagrams)
DILR	Logical Reasoning	• Arrangements : Linear & Non-Linear
		• Distribution
		• Selection & Team Formation
		• Routes & Networks
		• Games & Tournaments
		• Cubes & Dice
		• Venn Diagrams
	Data Interpretation	• Tables
		• Pie Charts
		• Bar Graphs
		• Line Graphs
		• Miscellaneous Graphs
